About Me

Full Stack Developer with 5+ years of experience building websites, SaaS products, and tools. Founder of Vovrexo, an AI-powered SaaS platform for automated social media content creation and scheduling. Skilled in both frontend and backend development, with a strong ability to independently design, build, and deploy complete applications. Looking for international remote roles where I can contribute to impactful products.

Skills

Frontend: React, Next.js, Typescript, Tailwind CSS, JavaScript, HTML, CSS
Backend: Python (Fastapi), PHP, Firebase, MySQL, Redis
Other: Git, Google Cloud, APIs, SaaS Architecture

Experience

Founder / Full Stack Developer | Vovrexo – Remote
https://www.vovrexo.online

- Designed, built, and launched Vovrexo, an AI SaaS platform for automated content creation and scheduling.
- Developed full frontend with React + Tailwind CSS, backend with Python + Firebase + Redis.
- Implemented user authentication, dashboards, subscriptions, and content queueing.
- Deployed on Google Cloud, managing end-to-end product lifecycle.
- Currently serving early adopters, handling automated posts and SaaS workflows.

Freelance Web Developer | Remote

- Delivered countless projects for international and local clients including dashboards, micro-tools, and landing pages.
- Improved client workflow efficiency by up to 30% through automation and custom web tools.
- Tech stack: HTML, CSS, JavaScript, PHP, MySQL, React, Firebase.
- Managed full project lifecycle: setup, development, deployment, and delivery.

Frontend Developer | Flybeta – Remote
- Developed the frontend for a flight booking and refund startup.
- Built responsive UI components and integrated real-time booking APIs.

Selected Projects
Car Dealership Site – Built with HTML, CSS, and JavaScript, focusing on clean UI and interactivity. Live demo: https://vovwerodealereship.42web.io/?i=1

Vovrexo – Full-stack SaaS platform for AI-driven social media content automation (see above).

Education
B.Sc. Computer Science (In Progress) – Federal University of Petroleum Resources (FUPRE), Nigeria
Complemented by 5+ years of being a self taught full stack developer and real-world product development experience.
